

## Background

I am a second year student, currently flat repping on Southlands. I have lived on Southlands since day one of my uni life and have experienced the college in all its glory; however I have also witnessed the tough times that the college has been through. I want to help strengthen this community, like the one I came into last year as a Fresher. I feel that I am in a great position to do so, as I have been a committed flat rep and sociable Southlander for a couple of years, which is why I am campaigning to be Southlands CSS. I have the ability to bring diverse groups of people together and believe this is a key skill that every CSS must have. I aim to put you, the students first and give you the most incredible uni experience possible. If elected I will strive to achieve along with the elected CP.

## Proposal (5-point Plan)

### 1. Bar Re-launch

- I feel by redecorating the Social Space and devising a plan for a student led bar we can build a strong community from day one – a central point in which ALL can come together to socialise.

### 2. Non Alcoholic Events

- More non alcoholic events are needed so that ALL people can come and get involved in a relaxed and enjoyable environment.
- I plan to get the projector back (so we can FINALLY use the big screen) and hold weekly events such as movie night, with sofa's, beanbags, amazing sound and popcorn for everybody to enjoy.
- It will be my duty as CSS to create and execute a 'College Night', I plan to do this on Tuesdays and advertise each College Night well in advance so that both on and off campus students are aware, and can get involved.

### 3. Weekend Events

- For those boring weekends, (which we have all put up with for far too long) I plan to get Southlands out and about. We are in the capital city of England – let's explore! Southlands Saturdays can become a regular thing to look forward to if I'm elected!

### 4. Inter-college Competition

- We have 8 blocks of accommodation on Southlands; I feel that light hearted rivalry between each block will help build a strong community – just like the banter between Southlands and Whitelands! Inter-block competitions that run throughout the year will bring everyone together and make us all proud to be a part of SOUTHLANDS!

### 5. News Letter

- I will also create a weekly news letter, a brief over view of the week ahead and the week just passed. I feel that at uni things change so fast and we are often left unsure of the next event; I will keep ALL of Southlands up to date!

*Thank you for taking the time to read this, (for full manifesto go online to Roehampton's election pages). Please do give me your support, I am committed and passionate about making Southlands the place to be and will welcome all ideas/suggestions. Vote Adella for CSS! "I'm Southlands 'till I die!"*
