

Manifesto

Hi, my name is Becca and I am in my 2nd year studying on Froebel, applying for Mount Clare Site Rep. I currently live at Mount Clare so know the accommodation and surrounding area extremely well. The work done this year has been fantastic and I wish to continue this and believe I can do so to my full potential.

Firstly I feel it is important that students living at Mount Clare (MC) know exactly who I am and what I can do as site rep. By making sure that I individually visit each block over the year, just to say 'hello' and see if any help is needed with any issues or problems that have risen in the blocks each week will ensure everyone that I am there to help. I plan on making 'welcome packs' for when everyone when moving in with information such as emergency contact details, my contact details and basic, 'need to know' information about MC.

Social activities and evenings such as sports groups and nights out are a big thing at Roehampton and MC, like any other accommodation that is on campus, should stay well informed with all of the events that are happening; MC's location should not get in the way of continuing our wants and needs of social activities! I wish to continue the advertisements in all of the blocks of posters and leaflets, use the Mount Clare Facebook group, which is already up and running, and also get involved on Twitter so 'tweets' can be put up advertising anything that is happening. The idea of a Christmas party will be continued where tickets can be bought and money from the tickets going towards a chosen charity. A spring/summer BBQ held on MC lawn will also be carried on and so will the idea of a MC outing to somewhere like Thorpe Park.

We are really fortunate to have such a big common room and I believe the needs to be used to its full potential! At the moment it is popular with some sports teams and I plan on introducing a time table where the sports group's names can be written on a sheet and you can book out your slot. I will also insist that people take charge of their own mess and clear up after themselves; it is not fair on those who wish to use it in the day after a group have used it and be surrounded by rubbish. The X Factor evenings that were organised at the beginning of the year will be carried on too.

The computers at MC are nothing short of a nightmare! I feel this is definitely a pressing matter and needs to be addressed urgently and so I will be making this a priority of mine to get these sorted out.

Finally security at MC is an issue mainly due to its location. Although there have only been a few incidents that have been addressed this year I still believe that it is a few too many! I would like to look into functioning security cameras around the whole of MC and address the situation of the time it takes for security to get to MC; I feel this is a huge issue as no one wants to be waiting outside their room for well over an hour and a half when they have locked themselves out! Here I would like to propose a time limit on situations like these.

I want to carry on what is already being done at MC and introduce a lot of new plans and I believe voting me for MC site rep will not be a vote wasted!
